

Social Science Students' Council Student Organizational Grant Application 2017-2018

Synopsis

Thank you for your interest in the Social Science Students' Council (SSSC) Student Organizational Grant System (SOGS) for the 2017-2018 academic year. SOGS supports the Faculty of Social Science and the initiatives of Social Science students by providing financial resources. Please be sure to answer each of the following questions in detail, attach all necessary receipts, and essential documents that will provide validity to your application. Each application must include a detailed budget outlining revenues, expenditures and non-SSSC grants for the organization's event. Failure to provide detail or attach the appropriate forms and budget will result in an unsuccessful application.

If a SOGS application requests \$1000.00 or more, the organization must deliver a 5-minute presentation to the SSSC Finance Committee outlining the event. Please be prepared for questions from the SSSC Finance Committee regardless of the amount requested. The organization will also be subject to a brief 5-minute question period. The presentations will take place on Tuesday evenings. Each organization will receive an email confirmation outlining the location and time of the presentation.

If the application is successful, the organization will be granted 90% of the total grant requested. The SSSC will withhold the remaining 10% until the event has passed. After the initiative, the organization must provide a follow-up report

outlining the use of the funds, as originally intended. Upon successful submission of this report, the organization will be granted the remaining 10% of the grant total. Failure to submit a follow-up report or to provide full disclosure of financial information will jeopardize the disbursement of the remaining 10% of the grant.

Grant Deadlines

The SSSC Finance Committee will review Grant applications once a week. Please note we will contact you regarding your application upon its submission to the SSSC. Additionally, we will contact you 24 hours before your presentation date with regards to the time and location. Please make all efforts to attend.
